Our Mission

Our mission is to make Madison County a great place to live, work and play together for all.

Our Vision

Our vision is to be a driving force in the development of commerce and to work together to improve the quality of life in Madison County for our friends, family and neighbors. It is not about having more. It is about having better. We strive to remember our history while balancing the desire and need for progress and diversity. We want to promote and share our beautiful geological features while preserving them for future generations to enjoy.
